ANNUAL REPORT 2022-2023

"Changing Lives, Changing Destinies"

MESSAGE FROM THE DIRECTOR

From scratch to a decade impacting more than 10000 plus lives from the marginal section of the society through Gun2Pen program – it's in fact a matter of pride considering the challenges that stand tall throughout the journey and the resilient capacity to navigate without compromising the values and faith within.

When the heart is right, the world conspire together to make that heart's desire a reality. The journey was with many challenges but also not sans the milestones of achievements, one worth mention is the Hon'ble President of India's appreciation award for the commendable work.

I would like to recall the motivating word of Hon'ble President of India Shri. Ram Nath Kovind at his Rastrapati Bhavan, *"Mr. Misao I can understand how difficult it will be to work in such challenging environment, but never forget what you do today, whether small or big, is part of nation building"*. This encouraging word comes at a time when we felt we don't have the energy to carry on and feel like giving up.

Whatever feats that we achieved today are all because of the team work – congratulation to all team members. Our vision, our values will continue to guide and lead us so that we continue the journey and make our India a better nation by bettering the lives of thousands.

(Hejang Misao)
Director
